

Compassionate Care
Visits During COVID-19

This long-term care home is currently experiencing an outbreak of COVID-19.

If you are an essential visitor, you may still be allowed to visit the home. You will have to be screened before entry. Essential visitors include those performing essential support services (e.g., food delivery, inspector, maintenance, or health care services, such as mobile X-ray or foot care) or a person visiting a very ill or palliative resident.

For everyone's protection, we will supply you with personal protective equipment, including a mask, a gown, eye protection and gloves. You must wear this equipment at all times while in the outbreak area in the home.

Please maintain physical distancing, where possible.

Our staff may advise you of additional requirements. You must follow their directions — for the safety of residents, staff, and you.
