Comprehensive Care Capitation Increase

The 2008 Physician Services Agreement (PSA) between the Ministry of Health and Long-Term Care (MOHLTC) and the Ontario Medical Association (OMA) includes provisions for a general fee increase in the Schedule of Benefits effective September 1, 2011.

As a result, the Comprehensive Care Capitation Rates have been increased by 5.8%. We are pleased to advise you that this increase has been processed with an effective date of September 1, 2011 and will be reflected on the November 2011 Remittance Advice (RA).

Effective September 1, 2011, the Comprehensive Care Capitation Payment rates will be increased to:

- an average monthly capitation rate of $1.72 per enrolled patient for physicians providing Block Coverage for less than 12 months
- an average monthly capitation rate of $2.48 per enrolled patient for physicians providing Block Coverage for 12 or more months
- an average monthly capitation rate of $1.15 per enrolled patient for physicians not providing Block Coverage
