Re: Changes to Medical Liability Protection Reimbursement

Options

Currently members of the Canadian Medical Protective Association (CMPA) have three (3) options to receive a reimbursement under the ministry's Medical Liability Protection (MLP) Reimbursement Program. The Early Annual Reimbursement (Option A) and Quarterly Reimbursement (Option B) both provide an automatic reimbursement in the same year CMPA fee payments are made. The Regular Annual Reimbursement (Option C) provides a reimbursement in the following year provided an application for reimbursement is submitted to the ministry.

Effective with the 2013 reimbursement year the ministry will no longer offer the Regular Annual Reimbursement (Option C) to CMPA members. Physicians will be required to select an automated payment option prior to December 2013 in order to receive a 2013 reimbursement.

Physicians currently enrolled in Option C will be sent the MLP Reimbursement Program Authorization and Application for Direct Deposit forms by July 31st in order to enrol in one of the automated reimbursement options. These forms are also available on the ministry's website

<http://www.health.gov.on.ca/en/pro/programs/ohip/mlp/forms.aspx> .

Note that physicians who are designated as work code type 12, 13 or 14 are not eligible for Option A.

In order to ensure you receive a 2013 reimbursement, these forms should be sent to the ministry as soon as possible and it is recommended that they be sent no later than September 30, 2013 to allow for processing of your 2013 reimbursement before the end of the year. The

Application for Reimbursement of Medical Liability Protection form for the 2013 reimbursement year will not be accepted after December 31, 2013.

Non CMPA members are not eligible for either of the automated reimbursement options and will still be required to submit an Application for Reimbursement form with proof of fees paid to the ministry.

If you require further information please contact the Service Support Contact Centre at 1 800 262-6524.
