Re: Retiring Modem/GO Net Electronic Data Transfer

As previously communicated, the ministry will be retiring the modem/GO Net Electronic Data Transfer (EDT) service on December 31, 2014. As of that date, all claims must be submitted using the Medical Claims Electronic Data Transfer (MC EDT) web service or web page.

Effective May 1, 2014, the ministry will no longer register users for the modem/GO Net EDT service.

All health care providers requesting an OHIP billing number on or after May 1st will be required to create a GO Secure account and submit claims and/or access reports using MC EDT.

Mail outs to existing EDT users with GO Secure/MC EDT registration information were completed at the end of March. If you have not received your GO Secure/MC EDT registration information please contact the Service Support Contact Centre at 1 800 262-6524.
