Re: Migration to Medical Claims Electronic Data Transfer (MCEDT)

As previously communicated, effective January 1, 2015 MCEDT will be the only approved channel for electronic submission of OHIP medical claims. If you need assistance with completing the online registration or using the MC EDT web page, please contact the Service Support Contact Center at 1-800-262-6524.

The legacy EDT service will be available up to January 18, 2015 cutoff for contingency purposes. If you will not be able to migrate to MC EDT by December 31, 2014 you may continue to access the legacy EDT service until that time. All claims submitted via legacy EDT will need to be received by the January 18th cut off date.

Requests for access to the legacy EDT service after January 18th may be considered in exceptional circumstances. Requests for extended access should be sent to MCEDTProject@Ontario.ca. Please provide current contact information in the request so we may contact you to assist with your transition to the MC EDT service.

Ministry staff are available to assist you with your MCEDT registration prior to the January claims cut off date to ensure you can submit all subsequent claims via MCEDT.
