## **McGUINTY GOVERNMENT PROVIDES MULTI-YEAR HOSPITAL FUNDING**

The Ontario government is investing an additional \$1.8 billion in Ontario's hospitals over the next three years.

Hospitals will receive \$13.35 billion in operating funding this fiscal year, \$13.9 billion in 2007-08, and \$14.5 billion in 2008-09. These funding amounts include the operating funding for public hospitals announced in the 2006 Ontario Budget (\$12.9 billion in 2006-07, \$13.4 billion in 2007-08 and \$14.0 billion in 2008-09), as well as funding for private and specialty psychiatric hospitals.

This is the second consecutive year that the government has announced multi-year funding for hospitals.

Hospital funding for 2006-07 supports the government's plan to reduce wait times in five key areas – cancer surgery, cardiac procedures, cataract surgery, hip and knee replacements, as well as MRI and CT exams.

Funding related to the Wait Times Strategy is not included in these budget figures for 2007-08 and 2008-09.

### **Notes for Accompanying Chart**

**Note (1)** 2006/07 Additional funding does not include major program transfers such as: (i) \$15.0 million from William Osler Health Centre to Halton Healthcare Services Corporation, (ii) \$12.2 million from St. Catharines Hotel Dieu to Niagara Health System, and (iii) \$39.3 million from Sunnybrook Health Science Centre to Women's College Hospital.

**Note (2)** Total Additional funding by hospital for 2007/08 and 2008/09 does not include Wait Times.

**Note (3)** Includes general base operating funding, targeted priority services including cardiac and dialysis plus operating funding for capital expansions.

**Note (4)** Includes funding for additional Wait Time Strategy, Priority Services, Critical Care and operating funding for capital expansions.

**Note (5)** Includes initiatives funded on a one-time basis in 2005/06 or 2006/07.
