

## Personal Support Workers in Long-Term Care Homes

This chart provides details on funding and the resulting hours of personal support for long-term care homes. Funding details are for the period from Aug. 1/08 to March 31/09 (the eight remaining months in this fiscal year). The first "estimated hours of care" column also covers Aug. 1 to March 31. The third column estimates on-going annual hours of care for future years (a full 12-months). Future years' funding will be adjusted to cover the entire 12 months of care. (September 18, 2008)
