Home Oxygen Program New Procurement Process Information Session

February 25, 2009

2:00am-4:00 pm

5120 Yonge Street, Toronto, Ontario
North York Library - Auditorium

Additional Questions submitted at the sessions (for which answers were not provided) and Answers

Question 23: Mention was made of price being reassessed as required. This will not provide the stability of long-term contracts unless there are established criteria by which price will be changed.

Answer: This has not been defined yet and will be part of the consultation and research conducted later on.

Question 24: What is the role of the Fairness Commissioner? Will he review the Ministry's methodology in determining the price?

Answer: The role of the Fairness Commissioner is described in the answer to Question 13.

Question 25: The Provincial Auditor is requesting detailed information from oxygen providers concerning our costs of service delivery. Is the audit related to ADP's price review?

Answer: No.

Question 26: Would ADP look at alternate funding models? Preferred Vendor relationship?

Answer: The research conducted last year included review of different funding models. As a result, the recommended model is the VOR model. The ADP is not considering alternate funding models other than the VOR approach with fixed pricing.

Question 27: Will the RFP have pricing included in the document or will the vendor response require submission of pricing based on criteria outlines in the RFP?

Answer: Pricing will be included in the RFP.
