Subject: IHF RETRO FOR 2005/06

The ministry has approved an additional funding allocation of \$4.299 million for 2005/06 for facility fee payments for diagnostic services performed in licensed independent health facilities (IHF). The funding will be paid to operators of licensed IHFs who submitted fee-for-service billings in respect of diagnostic services rendered in the 2005/06 fiscal year.

The \$4.299 million is to be allocated on a pro rated basis, using each facility's billings for services rendered in 2005/06 as a percentage of total billings in the IHF sector. Payments will be made at the facility level, i.e., by A-series billing number and will be calculated based on all facility fee claims submitted involving 2005/06 service dates.

IHF operators are encouraged to ensure that all claims with service dates between April 1, 2005, and March 31, 2006, are submitted promptly, as the calculation of additional funding will be based on approved and paid claims with service dates in that fiscal year.

The ministry will calculate the payment adjustment in September 2006 based on claims recorded at that time. The payment adjustment will be made on the November RA.
