Subject: Primary Care Enrolment, Consent and Payment Reports via Electronic Data Transfer (EDT)

Note: This Data Link/Notification supplements [Data Link 09-004](#)

The purpose of this communication is to provide you with further information about the enrolment and consent reports that will be available electronically via Electronic Data Transfer (EDT).

The following reports will be made available in XML format as of November 2009

- Enrolment Report Patient Summary
- Outside Use Report (Patients with Signed Consent)

There will be a three (3) month transition period (November 1, 2009 to January 31, 2010), during which time the ministry will continue to send the enrolment and consent paper reports, in addition to the EDT file. You will have the opportunity to test your ability to receive these reports in the new electronic format and to ensure you are prepared for the discontinuance of paper reports after January 31, 2010.

The test environment is now available and if you want to participate, please contact the Service Support Contact Centre at 1-800-262-6524.

If you already have an EDT test user ID it can be used for this test. If you do not have an EDT test user ID or your EDT test user ID has expired, the Service Support Contact Centre will assist you.

A teleconference will be arranged in the near future, regarding future XML reports. Details will be provided in a future Data Link.
