- a) Annotated Bibliography** of injury-related reports & publications
- b) Current IP Projects and Activities Summary**
- c) Summary of IP-Related Legislation**

Key Projects..

2. Communication & Consensus Building

- a) Identify a **website** and/or other means to serve as a platform to co-ordinate IP & Control work
- b) Hosted **workshop** for November 2007 Injury Prevention & Safety Promotion Conference in Toronto.

- 3. Identify and establish **links** with active F/P/T networks involved in injury prevention and safety promotion.

Key Projects...

4. Vision paper to provide a synthesis of existing evidence/knowledge & recommendations for future direction of injury prevention & control in the areas of:

- Leadership, Coordination & Strategic Policy Development
- Public Information
- Surveillance
- Community-Based Programming
- Knowledge Development & Exchange
- Monitoring & Evaluation

The Way Forward

- Leadership
- Set priorities and goals
- Identify & promote use of best practices
- Increase capacity and funding
- Enable opportunities to network
- Evaluate-refocus-renew efforts
- Coordination
 - All levels of government
 - Across sectors
 - Engage key audiences
