Memorandum to: MOHLTC employees

From: Dawn Ogram
Assistant Deputy Minister

Subject: Announcement of Director Financial Management Branch

I am pleased to announce that Pier Falotico has been appointed the Director of the new Financial Management Branch (FMB), within the Corporate and Direct Services Division.

In his new role, Pier will be responsible for the financial management and processing of transactions associated with the Local Health Integration Networks (LHINs) and other programs retained by the ministry. He will be responsible for controllership functions that relate to funding in excess of \$20 billion, transaction processing including claims-based funding initiatives, annual reconciliation of funding provided to health service providers, and financial reporting. One of Pier's first assignments in his new role will be to implement the new financial processes and controllership functions as it relates to LHIN and ministry-managed programs.

Prior to this appointment, Pier was the Divisional Finance Manager of the Finance and Information Management Branch, in the Community Health Division. Since joining the OPS in 1986, he has served in various posts related to fiscal management and strategy and has an extensive background in restructuring and organizational change. Pier holds an Honours Bachelor of Commerce degree from Laurentian University and became a Certified Management Accountant (C.M.A.) in 1984.

I am delighted that Pier has agreed to lead this branch which will be key to the successful transformation of our financial information management business processes.

Please join us in wishing Pier well as he assumes his new responsibilities.
