We are very pleased to announce that **Michael Parzei** has been appointed the Director of the Corporate Fiscal and Business Planning Branch within the Corporate and Direct Services Division. Michael will assume this position effective immediately.

Michael is a senior executive with extensive experience having held corporate financial roles both within line-ministries and central agencies. He has a long -standing public-service career having joined the OPS in 1988 with various experiences like building system capacity, change management, policy development and project management. Michael has a reputation for being a strategic thinker and strong leader.

Most recently, Michael has been serving as acting Director of the Fiscal Strategies Branch at MOHLTC. In this and his continuing role as Director, Michael is responsible for the development of the ministry's annual Results-based Plan to secure multi-year funding allocations/approvals as well as directing the Ministry on its business planning, financial reporting and budgeting, and controllership activities. Further, this role is critical to maintaining the ministry's relationship with Management Board, Finance and other key stakeholder relationships.

Prior to that, Michael was the Manager of Capital Planning in the Capital Planning and Strategies Branch in the Corporate Services and Organizational Development Division.
