MEMORANDUM TO: All MOHLTC Employees

FROM: Ron Sapsford
Deputy Minister
Ministry of Health and Long-Term Care

RE: Announcement – HSIF Division

I am pleased to announce the following staffing changes in the Health Systems Investment and Funding Division. As we move forward with implementing the functions of the new division, these individuals will provide stability to maintain the current business and leadership to designing the new roles, functions and processes.

Doug Murray is moving from his current position as acting Director Hospital Alternative Financing & Procurement to act as the **Director, Investment & Portfolio Management** effective June 18, 2007. Doug will lead the Investment & Portfolio Management Branch in providing senior level analysis of health system economic investment, forecasting and funding to support the health system stewardship function. Doug brings to this position a great deal of OPS and Ministry experience, especially in the area of financial management and health reform.

In addition, **David Clarke** is moving from his current assignment as the Director Long-Term Care Planning and Renewal to act as the **Director, Hospital Alternative Financing & Procurement**, effective June 18, 2007. David will be directing his team to help develop alternate health capital infrastructure procurement options that meet the health care needs of Ontarians. David will continue to be responsible for long-term care development activities and some strategic policy issues. David has had a lengthy career in the OPS, working in the Ministry on a number of projects and with the Ministry of Municipal Affairs and Housing in senior policy and program development management positions.

Please join me in welcoming both Doug and David to their new roles.
