April 10, 2007

**MEMORANDUM TO:** MOHLTC Employees

**FROM:** Adalsteinn Brown  
Assistant Deputy Minister  
Health System Strategy Division

**RE:** Announcement of Director, Health System Planning and  
Research Branch

---

It is with great pleasure that I announce that Vasanthi Srinivasan has been appointed as the Director of the Health System Planning and Research Branch effective April 10, 2007.

In this new position, Vasanthi will provide leadership for the development of the ministry's annual health system strategy and research agendas. A transition plan and timetable will be communicated at a later date that describes when functions and units will transition to the new branch under Vasanthi's leadership.

With extensive experience that spans the international, federal, provincial and non-governmental areas, Vasanthi comes to this role with a wealth of skills and background in the health care sector. Most recently, she served as Director of the Population Health Policy and Planning and Women's Health Branch in the ministry, and prior to that, she served as the Regional Director General of Ontario and the Nunavut Region for Health Canada.

Please join me in welcoming Vasanthi to her new role.
