

A black and white photograph of a flashlight beam shining from the bottom left towards the center of the page. The beam is bright and creates a large, soft-edged white area that serves as a background for the text.

Help shine a light on Ontario's healthcare system.

We need the right information to make the right decisions about healthcare. That's the purpose behind the **Ontario Health Quality Council**: making sense of our healthcare system and informing Ontarians about the state of that system and the state of people's health. Do you want to help build a better healthcare system? Do you have experience in governance, accountability, finance or healthcare? The Ontario government is looking for people to serve on the **Ontario Health Quality Council**, an independent agency that will chart and report on the progress of healthcare in Ontario. For more information about how you can become a founding member of the **Ontario Health Quality Council**, please visit www.health.gov.on.ca or call 1-877-234-4343 (TTY 1-800-387-5559).
