MEMORANDUM

Date: March 13, 2015

To: Assistive Devices Program Registered Authorizers and Vendors for Mobility Devices

From: Susan Picarello, Director
Assistive Devices Program

Subject: Changes to the ADP Approved Prices for wheelchairs, scooters and positioning devices

The Ministry of Health and Long-Term Care's Assistive Devices Program (ADP) has conducted a review and analysis of ADP Approved Prices for:

- manual wheelchairs and options;
- power wheelchairs and options;
- power scooters and options; and
- seating and positioning devices.

As a result of the review, ADP is reducing the Approved Prices for these mobility devices to ensure value for money for ADP and fairness for ADP clients.

ADP will implement the changes effective **June 1, 2015**. Any application where the patient delivery date is on or after June 1, 2015 will be subject to the new reduced prices.

ADP has not made any changes to the eligibility criteria for mobility devices (see Part 3 of the Mobility Devices Policy and Administration Manual).

The updated Product Manual has been posted on the ADP website at http://www.health.gov.on.ca/en/pro/programs/adp/docs/manual_mobility.pdf .

If you have any questions please contact Kaitlin DeVore, Program Coordinator. You can reach Ms. DeVore at kaitlin.devore@ontario.ca or 416 327-8186 or 1-800-268-6021, extension 7-8186.
