

Changes To The Way Social Assistance Clients Access Drug Coverage

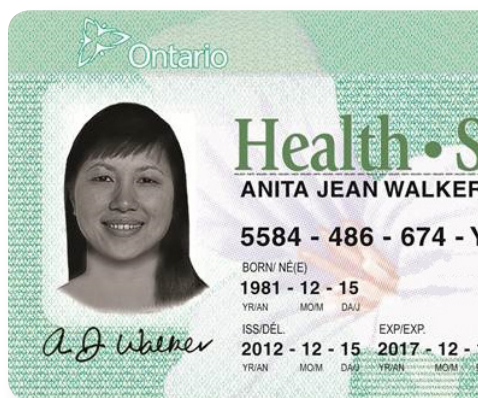

What's new?

Starting in September 2016, people receiving social assistance can use their **Ontario health card** to access the Ontario Drug Benefit program.

To prepare for the change, you should get an Ontario health card, if you do not already have one.

Beginning in the late fall of 2016, you will no longer get a monthly drug eligibility card with your statement. Instead, you will use your Ontario health card to access the Ontario Drug Benefit program.

Coverage under the Ontario Drug Benefit program will not change.
