**Re: Amendments to Laboratory Requisition Form #4422-84**

---

The Laboratory Requisition (Form #4422-84) has been amended to remove the following tests from the check box menu:

- Ferritin
- Thyroid Stimulating Hormone (TSH)
- Vitamin B12

The revised Laboratory Requisition should be utilized effective November 1, 2012.

The three tests will remain OHIP-insured services with a physician's or nurse practitioner's written request in the "Other Tests" section of the form. Therefore, their removal will not impact patients.

The Schedule of Benefits – Laboratory Services (SOB-LS) fee codes for these tests are as follows:

- Ferritin (L329)
- TSH (L341)
- Vitamin B12 (L345)

The newly amended form is available electronically at:
