

Setting Up a New User (SADIE Delegate or Designate)

*For instructions, visit www.ontario.ca/SADIE, see detailed [SADIE User Guide](#), Chapter 12

If you would like to restrict the requests a designate can access, you can create a separate practice location to limit their access to only the requests assigned to that specific location. Visit www.ontario.ca/SADIE, see detailed [SADIE User Guide](#), Chapter 13 for instructions on how to set-up a practice location. (By default, SADIE Delegates access **ALL practice locations)

***SADIE Delegates & Designates not already registered for GO Secure can register on the [GO Secure registration](#) page
